

**10A NCAC 14C .2305 STAFFING AND STAFF TRAINING**

(a) With the exception of applicants that currently provide CT services, an applicant proposing to acquire a CT scanner shall demonstrate that it can meet the following staffing requirements:

- (1) one radiologist who is certified by the American Board of Radiologists and has had:
  - (A) training in computed tomography as an integral part of his or her residency training program; or
  - (B) six months of supervised CT experience under the direction of a diagnostic radiologist who is certified by the American Board of Radiologists; or
  - (C) at least six months of fellowship training, or its equivalent, in CT; or
  - (D) a combination of CT experience and fellowship training equivalent to Parts (a)(1) (A), (B), or (C) of this Rule;
- (2) at least one radiology technologist registered by the American Registry of Radiologic Technologists shall be present during the hours of operation of the CT unit; and
- (3) a radiation physicist with training in medical physics shall be available for consultation for the calibration and maintenance of the equipment. The radiation physicist may be an employee or an independent contractor.

(b) With the exception of applicants that currently provide CT services, an applicant proposing to acquire a CT scanner shall demonstrate that the following staff training is provided to clinical personnel:

- (1) certification in cardiopulmonary resuscitation (CPR) and basic cardiac life support; and
- (2) an organized program of staff education and training which is integral to the services program and ensures improvements in technique and the proper training of new personnel.

(c) An applicant proposing to acquire a mobile CT scanner shall document that the requirements in Paragraphs (a) and (b) of this Rule shall be met at each host facility.
